AIMS AND OBJECTIVES

We believe that people learn best in different ways. At Vantage Academies we provide a rich and varied learning environment that allows children to develop their skills and abilities to their full potential.

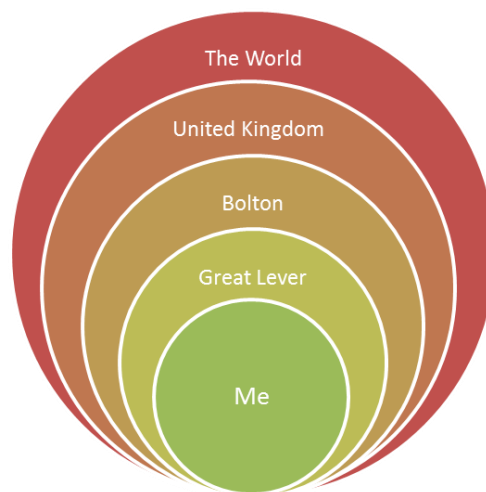

The underlying philosophy at Vantage Academies is that given appropriate conditions all pupils can learn guided by our Christian ethos. Review of practice enables school improvement to occur through recognition of strengths and identification of areas for development. The following procedures aim to achieve this:

- ❖ Every child at Vantage Academies deserves a world class education
- ❖ Open classrooms where all staff and pupils can learn from each other
- ❖ Curriculum co-ordinators monitor the teaching and learning in their subject through the triangulation of classroom observation, scrutiny of pupil achievement and maintenance of classroom environments conducive to learning in their subject
- ❖ The information generated is used by the school to evaluate performance and identify priorities for staff training, development, School Self Evaluation and the School Improvement Plan and thus produce better learning outcomes for the children

The trust houses a professional learning community that is dedicated to developing skills, knowledge and attitudes that will enable all to develop their learning styles and techniques.

The trust delivers the International Primary Curriculum. The trust fundamentally believes that children will be better equipped for life beyond school if they are more globally aware. As a trust we define international mindedness as:

‘To have an awareness of ourselves and others’

MISSION STATEMENT

Building a better future together....

...based on Christian Values

Here at Vantage Academies we encourage children to understand Christian values such as forgiveness, trust, faith, compassion and love. We promote Christian values through the celebrations such as Christmas, Easter and Harvest, and through prayer and reflection. Through reflection and prayer we also work to take each child on their own faith journey.

...by nurturing each child's faith journey

Here at Vantage Academies we want all our children to grow in their own faith. For our younger children, linking the major festivals gives a structure within which to deepen their knowledge of their own faith story.

...through enabling "Life Long" Learning

Here at Vantage Academies we promote lifelong learning through the progression of key skills, such as reading and writing but also through developing life experiences such as going to the Post Office.

...by promoting high standards

Here at Vantage Academies we promote the very highest academic standards, moving from concrete operations, to the abstract ensuring mental agility based on sound practice. All our children learn their times tables in our Assertive Mentoring Programme and old fashioned life skills for a modern child.

...through nurturing enquiring minds

Here at Vantage Academies we encourage all our children to get a love of learning that takes them beyond the classroom into the wider world. Children are able to investigate and find answers to the questions they have generated. Developing an inquiring mind is a key skill in the promotion of deep learning as well as leading you down new unexplored paths.....

...by valuing ourselves and others

Here at Vantage Academies children are encouraged to go on a path of self-discovery. Children learn how to take responsibility for their own learning and personal development, as well as how to treat and respect others.

...by striving to succeed

Here at Vantage Academies we work together to overcome any obstacles, however challenging, to achieve our goals. We try and try again, building resilience which helps us deal with any disappointments on our journey to success.

...through the celebration of diversity

Here at Vantage Academies we believe that our differences make us stronger. Learning from each other, our traditions and our shared history.

...by encouraging unity

Here at Vantage Academies we encourage children to work together as a team and to support each other through their learning. Through the use of co-operative learning, children have the opportunity to build strong friendships and improve their social skills. Each person valued for their contribution to the whole community.

...by engaging with our faith communities

Here at Vantage Academies we are proud of the diversity of our faith communities and the harmonious way in which we build our school together. We all learn about each other's religion and learn to respect other people's point of view.

...through establishing a safe and enjoyable environment

Here at Vantage Academies we want children to be safe, engage in safe practices and be aware of the dangers faced by themselves and others.

... and becoming responsible Global Citizens

Here at Vantage Academies we promote an international perspective on the world. Understanding of the world and how it works promotes better behaviour towards our planet and its peoples.

EFFECTIVE LEARNING IS ACHIEVED BY:

- ❖ Catering for all learning styles - personalised learning meeting the needs of all pupils
- ❖ Reflective practice – allowing children to think independently and consolidate learning
- ❖ Accurate planning and assessment – knowing where the children are in their learning and the next steps they need to learn. Clear sequence of lessons
- ❖ Good subject knowledge – organised and well resourced
- ❖ Marking – Clear targets and suggestions on how to improve work and ways forward
- ❖ Pupil enthusiasm and motivation and excellent classroom order
- ❖ Maximising opportunities for all pupils and staff
- ❖ Engagement and challenge
- ❖ High expectations – for staff and pupils

Effective learning and teaching ensures that all children work towards the fulfilment of their potential and make outstanding progress within a happy, caring and safe environment with high expectations for all.

Learning and teaching is most effective where teachers are enthusiastic, skilled and knowledgeable and have the confidence to stand back and encourage pupils to become independent learners.

As a trust we are committed to developing knowledge, skills and understanding across all aspects of the curriculum. Staff have defined with the children definitions of what knowledge, skills and understanding look like at the varying age ranges and how they are embedded within learning.

Knowledge is something that we know is a fact. It is true.
knowledge is always right or wrong.

A skill is something you learn at any age and with practice you will get better.

To develop understanding we need to use our knowledge and skills in different ways.

Throughout Mileposts 1, 2 and 3 there are opportunities to develop knowledge, skills and understanding through teaching. The charts below identify possible strategies to use within each Milepost. The charts are not meant to be a complete list and will be reviewed on an annual cycle with the Learning and Teaching Policy.

Effective Teaching is achieved by:

- ❖ Planning and preparation to meet the learning needs of the pupils based on the curriculum provided by the school
- ❖ Lesson management that ensures the tasks are appropriately organised and resourced
- ❖ “Good Order” that is based on Christian values formulated in the school's positive behaviour policy
- ❖ Assessment and recording of pupil's progress, which informs the next steps of learning and future planning
- ❖ Reflection and evaluation for pupils and staff on a regular basis
- ❖ Effective classroom management, which establishes appropriate routines, agreed rules, access to resources and a rich and vibrant learning environment, which promotes good learning
- ❖ Fostering independent thinking
- ❖ Secure subject knowledge and understanding of the subject taught.
- ❖ Developing socially and emotionally intelligent people
- ❖ An increasingly wide repertoire of teaching styles and organisational strategies providing access to a variety of learning experiences for all pupils
- ❖ Children’s individual learning styles are identified and planning reflects this
- ❖ Bringing out individual talent and potential reflected in the Gifted and Talented policy
- ❖ Focus upon developing the use of talk as tool to promote independent thinking and learning through the implementation of Kagan Learning structures
- ❖ Creating children that are lifelong learners
- ❖ Developing socially and emotionally intelligent people
- ❖ Increasing personalisation of learning
- ❖ Positive behaviour for learning

PLANNING EFFECTIVELY:

‘Using knowledge of prior attainment and learning preferences to help achieve potential’

A well planned lesson has the following characteristics:

- ❖ Clear **learning objectives based on prior learning characterised by the phrase - “no child to open an unmarked book.”**
- ❖ Learning objectives are **shared** with the class and revisited during/at the end of each lesson. Success criteria are **shared/developed** with the pupils including that the general expectations for the year group are expressed clearly through the “WALA/WILF”
- ❖ Pupils are encouraged to take some **responsibility** for their learning
- ❖ **High levels** of achievements are expected of all
- ❖ Achievement is **reviewed** during/at the end of each lesson
- ❖ Well paced and pitched appropriately
- ❖ The teacher **builds on** previous learning through questioning, additional support and intervention
- ❖ Work is differentiated according to pupil’s abilities including SEN children taking account of their targets when appropriate
- ❖ Planning takes into consideration a variety of learning styles
- ❖ The needs of pupils learning English as an Additional Language are considered and planned for when necessary

CREATING HIGH EXPECTATIONS

At Vantage Academies high expectations are characterised by a combination of the following:

- ❖ Lessons start efficiently
- ❖ Pupils are aware of their targets and strive to achieve them. These are shared with parents at parental and pupil conferencing sessions
- ❖ The teacher, other adults and pupils are clear about the learning outcomes of the lesson
- ❖ The pupils are clear about what they are to do
- ❖ Work is marked against learning outcomes and success criteria, targets for the next lesson are set according to the schools marking policy
- ❖ Pupils are on task

- ❖ Positive work habits are praised
- ❖ The classroom reflects and celebrates the learning that occurs

(see appendix 1 for reference to specific expectations)

EFFECTIVE CHRISTIAN ENVIRONMENT

At Vantage Academies we consider the Christian environment in which teachers teach and learners learn to be important. An effective environment is characterised by the following:-

- ❖ Pupils and staff who feel confident that they are consistently valued and treated with dignity and respect
- ❖ A positive and stimulating atmosphere and a range of informative, interactive quality displays to celebrate success within an attractive working environment
- ❖ An orderly, tidy and purposeful environment in which pupils are able and willing to learn
- ❖ Pupils who are encouraged to participate fully in their learning activities and in the wider life of the school and are trusted with a variety of personal responsibilities
- ❖ Displays resources and procedures, which reflect Christian values, equal opportunity and a diverse society
- ❖ Freedom from bullying and racial or religious harassment
- ❖ Clear individual targets for pupils
- ❖ Appropriate organisation of chairs and tables, each pupil having their own working space
- ❖ Well labelled and accessible resources.

PERSONAL GOALS

There are 8 key attributes that are embedded in all aspects of daily life at Vantage Academies in order to prepare our children for their future lives. In 2011, the government defined British Values as democracy, the rule of law, individual liberty, mutual respect and tolerance of different faiths and beliefs. At Vantage Academies we promote British Values through the 8 Personal Goals. See appendix 2 for a detailed breakdown of how British Values are promoted in school.

The 8 Personal Learning Goals that are taught throughout school are:

Enquiry

Being able to ask questions and then plan and carry out investigations related to those questions, collect evidence from a range of sources and think about the wider issues.

Adaptability

To know about a range of views, cultures and traditions and to respect others, to approach new ideas with confidence and to be able to suggest ideas and solutions in a range of situations.

Resilience

To be able to stick with a task until it is completed and to learn to try again if unsuccessful the first time round.

Morality

To learn about the moral issues associated with different subjects and to respect alternative viewpoints as well as give reasons for their own.

Communication

To be able to make their meaning clear using different ways of communicating and a range of tools and technologies to aid their communication. To learn how to communicate in more than 1 language.

Thoughtfulness

To be able to use a range of thinking skills in solving problems whilst considering others points of view. To reflect upon what has been learned and its implications on their own lives and the lives of others.

Co-operation

To understand that different people have different roles to play in groups and to adopt a different role depending on the activity and the needs of the group. Be able to work alongside and in co-operation with others.

Respect

To learn about the varying needs of other people, living things and the environment and to show respect for the world itself.

Within our trust, there are opportunities across the age ranges to develop each of the personal goals so by the time the children leave our school, they are able to demonstrate each of the personal goals competently. Appendices 3, 4, 5 and 6 showcase opportunities to develop each of the personal goals whilst at SS Simon and Jude CE Primary School.

MONITORING AND EVALUATION

Staff development needs will be identified in line with this policy, Performance Management and continued Professional Development opportunities. The Learning and Teaching Policy has been formulated to provide a basis for all staff to evaluate the quality of teaching and learning in their classroom and across school.

In order to provide a clear picture of the quality and consistency of practice across school, when evaluating teaching and learning in school, it will be monitored and evaluated through:

- ❖ Classroom observation
- ❖ Sampling pupils' work
- ❖ Sharing pupils work and discussing the quality – staff meetings, departmental meetings
- ❖ Internal moderation of pupils' work
- ❖ Discussions with pupils'
- ❖ Regular Pupil Progress Meetings

RACE EQUALITY AND EQUAL OPPORTUNITIES

All children have equal access to the curriculum regardless of their gender, race, religion, sexual orientation, disability or ability. We plan work that is differentiated for the performance of all groups and individuals are committed to creating a positive climate that will enable everyone to work free from racial intimidation and harassment to achieve their potential.

REVIEW

This policy will be reviewed annually by the Senior Leadership Team, the link Governor and the Headteacher. Any alterations that come from this review will be discussed and ratified by the appropriate governing body sub-committee.

APPENDIX 1

AT THE START OF THE DAY

All pencils should be sharp and pots free from litter

All surfaces (floors, cupboard tops, desks) should be clear

Working surfaces should be clear and orderly

There should be sufficient, working equipment for all the children

All photocopying for the day should be ready

All trays should be clearly labelled

Books should be clearly labelled

Class libraries are tidy

Displays should reflect current work

Boards should not be left empty – displays should be ready to replace any being taken down – work related to the current IPC unit may show a build-up of learning over time and have specific links to the subject being taught

The tidiness and order of the teacher's desk should reflect the standards expected by the children

Dates, WALTs, WALAs and instructions should be ready prior to the start of every lesson

All support staff should be aware of the lesson plans and be in the class at the start of the lesson

A list of the jobs that need to be completed for the next days lessons should be available to the TA in adequate time to complete the tasks

AT THE START OF THE WEEK

All planning for the week should be on the school server by Monday morning and available to all appropriate staff

Time should be planned in for each TA to ensure their 'whole school area' can be managed

ALL THE TIME

It is everyone's responsibility to ensure areas are tidy – coats/packed lunches are not on floors, paper towels are picked up, common areas etc are tidy.

Staff should model behaviour – ie no chewing gum, standard English should be used at all times, dress should be appropriate, mobile phones should not be used in class.

Every child is every teacher's responsibility – eg if a child is misbehaving they should be reminded about the correct behaviour.

Staff handwriting should reflect the school's handwriting scheme. Comments in books should always be correctly spelt and be legible!
