We will be updating our account regularly with lots of different information and pictures of what our children have been doing in school throughout the week.

This is another way of keeping parents/carers informed of all the exciting things happening in school!

Uniform

If you have any school uniform at home that no longer fits your child we would be more than grateful if you could bring it into school so that we can use it for spare.

Any items that are in good condition would be of great benefit to us.

Breakfast Club

Can we remind parents/carers that any child who attends breakfast club **MUST** be accompanied by an adult.

Breakfast club starts at **8.15am** - we are currently getting children coming into school unsupervised from 8am. School cannot accept responsibility for your child until they are in breakfast club.

Any child attending must have an adult to wait with them in the main office until this time.

The safety of our children is our main priority.

Breakfast club is £1 per child, per day this must be paid every time a child attends - any child owing more than 1 weeks money will not be allowed to attend until the balance is paid.

Attendance

When children arrive late not only do they get a late mark or an unauthorised absence, but they lose valuable learning time. Over time this can have an effect on their academic progress.

If you have any concerns regarding attendance and punctuality, please make an appointment to speak to Mrs Harvey, who is always happy to help.
