'National Teaching Assistant Day'

On Friday 15th September it was 'National Teaching Assistant Day'. The day was to celebrate all the hard work and dedication from all our Teaching Assistant's, and to make them aware of how much they are valued and appreciated by staff, children and parents. The

Principal and Assistant Principal provided a small buffet at lunchtime to show our appreciation. We finished the day with a special celebration assembly, thanking each of our TA's individually for all their hard work.

All the children contributed with hand made cards.
