St James C.E Primary School

A photograph of three children in red t-shirts performing a physical education activity. The child in the foreground is a young boy with his arms raised, looking towards the camera. Two other children, a girl and another boy, are visible in the background, also with their arms raised. They are in a room with colorful posters on the wall.

Evidencing the Impact of
Primary PE & Sport Premium

Since September 2013, school leadership teams have been held to account over how they spend their additional ring-fenced funding for the improved provision of PE and sport in Primary schools and academies.

The DFE's vision is: **ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.**

The funding has been provided to ensure impact against the following **OBJECTIVE**:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (*above*) that will live on well beyond the Primary PE and Sport Premium funding.

It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Under the new Inspection Framework, Ofsted inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively governors hold them to account for this. Improvements should enhance, rather than maintain existing provision. For example, where schools are using their funding to employ specialist coaches, these should be deployed alongside class teachers rather than displacing them, in order for their impact to be sustainable and to enable the upskilling of existing teachers.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years For example, you can use your funding to:
- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
- run sports activities with other schools

Total PE and Sport Funding this academic year: £ 8895

Brief overview of PE and sport provision in the school:

At St James we make a commitment to being a physically active school, and adopt a whole school approach to the promotion of Physical activity. We will actively work towards offering pupils a variety of opportunities to take part in physical activity both within and beyond the curriculum. Our objective is to assist in developing pupils into a well-adjusted individual: physically, mentally, emotionally and socially. Our pupils will have the opportunity to take part in varied activities which progress right from foundation stage KS1 and then KS2. Our school aims to build on the fundamentals of movement from foundation stage- fundamentals of movement skills and competition thereafter. We actively take part in all competitions and we have a key focus on sport specific elements. Our staff hope to provide challenging and satisfying experiences which will incorporate movement, self-expression through dance, physical wellbeing through an active lifestyle and our sports clubs will help build on our pupil's physical literacy skills and will help raise more gifted and talented pupils through P.E. Our P.E curriculum is broad, balanced and developmental showing progression in skills. Pupils currently have the opportunity to develop skills in Gymnastic, Dance and Outdoor Games. Pupils at St James currently have 2 hours of quality P.E per week including lunch time clubs and after school clubs. Our school actively links with local sports clubs in the area such as Delamere Sports, TDS Dance, Gorton institute of Gymnastics, Cedar Mount Football sessions, Abbey Hey JFC, FC united workshops, Karate sessions and Wright Robinson Swimming. In addition to this we also have our very own sports holiday provision which offers activities for all pupils at our school and we also work with sports development officers in the area to try and promote sessions further. All of our sports clubs are inclusive and accessible for all.

School PE and Sport development priorities based on our school context and identified pupil need:

- develop and add to the PE and sport activities
- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and change4life clubs
- run sport competitions
- increase pupils' participation in the school games
- run sports activities with other schools

Quality Assurance: What systems are in place to ensure value for money and the involvement of the school leadership team, including the Governing Body, in overseeing the effectiveness of the projects?

- Cross school moderation of Sports Premium spend by Principals of our sister schools in the MAT
- End of Year Report to Governors
